Summary: Splint the Snowball has his icy eyes set on world domination. But champion dragon-slayer Knight Sir Louis isn't about to let Castle Sideways get smothered in snow! Louis and his friends ride off to the legendary Brrrrrland where they meet goofy goblins, a talking carrot and the biggest meanest snowball in the whole wide world! The fourth tale in the hilarious series about a brave yet silly hero.

Extract: *Splint the Sinister Snowball liked giving instructions. But he didn't want to organise things himself. That was beneath him. So he had a sidekick to do that sort of stuff. The last thing Splint wanted was a clever sidekick. What if they were so smart they overthrew him? The he wouldn't be supreme overlord anymore. That's why he'd chosen Crunch to be his Prime Minister.*

Knight Sir Louis had been on many missions and for some reason they always seemed to include vegetables. He'd faced down magical potatoes, hunted for ice cucumbers and added corn-on-the-cob to a magical recipe. Little did he know, this adventure was no different, Because Prime Minister Crunch was an evil carrot. (Pages 42/43)
